

Advanced Train the Trainer

making a positive difference to people and organisational performance

Duration: 2 Days

Overview: This course will build on your existing trainer skills and will support you with the development of your skills to the next level. During the course we will look at the steps required to move into the more challenging areas of training. These areas will include developing facilitation skills and understanding group dynamics and behaviours.

Designed for: All experienced trainers who want to enhance and develop their training skills to the next level.

Objectives: By the end of this course you will:

- Further explore your understanding of the importance of effective communication skills in the learning process
- Further develop your presentation skills through practical exercises
- Develop your facilitation skills through understanding group processes
- Improve your understanding of the behaviours that influence group dynamics
- Understand how to lead and control effective group discussions
- Deliver a group training session and receive feedback to support your development
- Understand what steps you need to take to improve your delivery style supported with a development plan

Method: This course will use a structured series of lively and interesting exercises and practical skills activities including the use of video feedback. You will have the opportunity to explore a range of techniques and actively demonstrate newly learnt skills at the course.

This course can be run exclusively and tailored to suit your company's specific learning requirements and organisational needs. Costs are dependent on number of days required and bespoke content
