

IOSH Working Safely

1-Day Programme

Programme Outline:

Working Safely trains workers to ensure that their actions contribute to Health & Safety in the workplace and that individual responsibilities are clearly understood.

Ideally the course should be delivered as part of an induction programme, however, it can also form part of an ongoing training.

The course's format should be modified to suit each organisation's requirements.

Programme Benefits:

- To provide a basic introduction to Health & Safety requirements for staff at all levels
- To understand the principles of accident prevention, Health & Safety Legislation and proactive approaches to risk reduction methods.
- To analyse Health & Safety problems
- To understand, appreciate and improve awareness of individual responsibilities

Programme Overview:

- Working Safely
- Hazard, Risk and Risk Control
- Commonly occurring hazards
- Fire, Electricity, Work Equipment, Moving of People and Vehicle
- Mock Assessment
- Poor Housekeeping, Manual Handling, Display Screen & Equipment Noise. Chemicals and Substances
- Assessment
- Programme Summary and Review

This course can be run exclusively and tailored to suit your company's specific learning requirements and organisational needs. Costs are dependent on number of days required and bespoke content
